

## 2022 CABERNET SAUVIGNON

### TASTING NOTES

The 2022 Cabernet Sauvignon from California is the seventh Cabernet release from Freelander. Aged with American oak, it shows massively rich flavors of blackberries and cassis. This full-bodied wine shows lush mouthfeel, balance and complexity. The ripe, sweet tannins and a touch of toasted oak complete the gentle finish.

### FREELANDER BACKGROUND

Freelander wines have been made in St. Helena, CA since our founding. Our fruit comes from select vineyards that produce elegant and impressive wines. We believe that decades of top winemaking experience allows us to create some of the best value wines at this price point. Taste the value of Freelander yourself and see if you agree.

### THE 2022 HARVEST

The 2022 harvest was accelerated by a heat wave over the Labor Day weekend, which pushed up sugar levels and forced wineries, vineyard workers and growers to adapt quickly to rapidly ripening vineyard fruit. Prior to that, even summertime temperatures made for a nice growing season that was kicked off by a moderate spring.
